

PALISADE™

Waterproof, Grout-Free Shower Wall Systems | Waterproof, Grout-Free Wall Tiles

Cracked Slate

Carrara Marble

Palisade Grout-Free Shower Wall Systems install in a fraction of the time of a grouted installation. Each wall panel features a 3-dimensional grout-look for a realistic tile appearance without the traditional grouting, cleaning, and maintenance. The Palisade shower wall system is 100% waterproof, fireproof, and stain- and chemical-resistant.

- Complete interlocking, glue-up, shower wall system
- Large-format panels quickly cover large areas
- Available in 2- and 3-wall shower configurations
- Interlocking edges resemble grout lines
- Shelf, trims, adhesive & sealant systems
- 10-year warranty

Palisade Waterproof, Grout-Free Wall Tiles have unique interlocking joints and can be cut to size for an easy, groutless installation. This versatile, low-maintenance tile is perfect for wet areas like showers and bathrooms or for commercial high-traffic areas in multi-family units, hotels, restaurants and hospitals.

- Lightweight, rigid PVC construction
- Fast and easy installation, no grout required
- Scratch- and UV-resistant
- Interlocking edges resemble grout lines
- Glues onto almost any surface
- 10-year warranty

PALISADE™

Waterproof, Grout-Free Wall Tiles

Black Ice

Surface Burning Characteristics

ASTM E 84 Class "B" fire-rated – Flame

Durability

Waterproof, mold- and mildew-resistant

Material

Virgin-grade rigid PVC

Compatibility

Wall panels install as a glue-up application with recommended adhesive

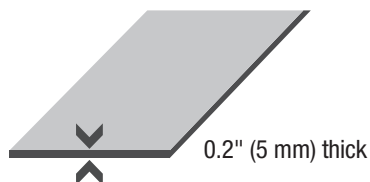

Warranty

10-year limited warranty

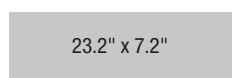

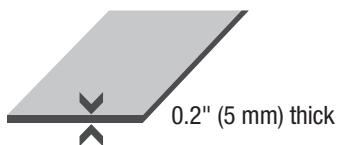

Size Options

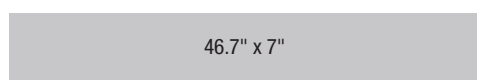

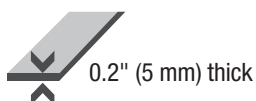

● Wall Tile 530##

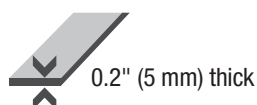

● Wall Tile 535##

● Backsplash 534##

● Wall Plank 540##

Interlocking edges require no grout

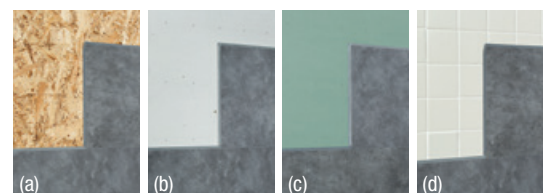

Glues onto almost any surface

Lock tiles by sliding into joint

For wet environments, use a silicone-based sealant in seams.

Palisade can be installed over many substrates including (a) OSB/plywood, (b) drywall, (c) waterproof board and (d) ceramic tile

PALISADE™

Waterproof, Grout-Free Shower Wall System

Carrara Marble

Surface Burning Characteristics	ASTM E 84 Class “B” fire-rated – Flame
Durability	Waterproof, mold- and mildew-resistant
Material	Virgin-grade rigid PVC
Compatibility	Wall panels install as a glue-up application with recommended adhesive
Warranty	10-year limited warranty

Durable, Engineered Composition

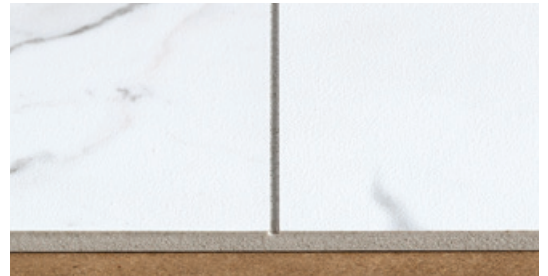

- ① Protective Top Layer
- ② Realistically-Printed Multicolored Film
- ③ Rigid Core Board Technology

Panels can be installed over many substrates including VOG, waterproof board & ceramic tile

Easy glue-up with adhesive rated for PVC

Three-dimensional grout look

Panels lock into place by sliding into joint

Interlocking edges join to resemble grout lines

Shower Wall System Panel Finishes

Palisade Shower Wall System panels have a matte surface, with select finishes also available in gloss. Panels feature CNC-routed designs that create a three-dimensional, grouted tile look. Visit palisade-tiles.com for availability.

Panel Specifications

These items are available as standalone panels, and are not part of a shower wall system kit.

Item No.	Panel Size	Panel Type	Edge Type
554##	30" x 78" x 4.7 mm	Universal	Interlocking
555##A	36" x 78" x 4.7 mm	Left Side Wall	Interlocking
555##B	36" x 78" x 4.7 mm	Right Side Wall	Interlocking
557##	48" x 78" x 4.7 mm	Universal	Square

Interlocking Edge

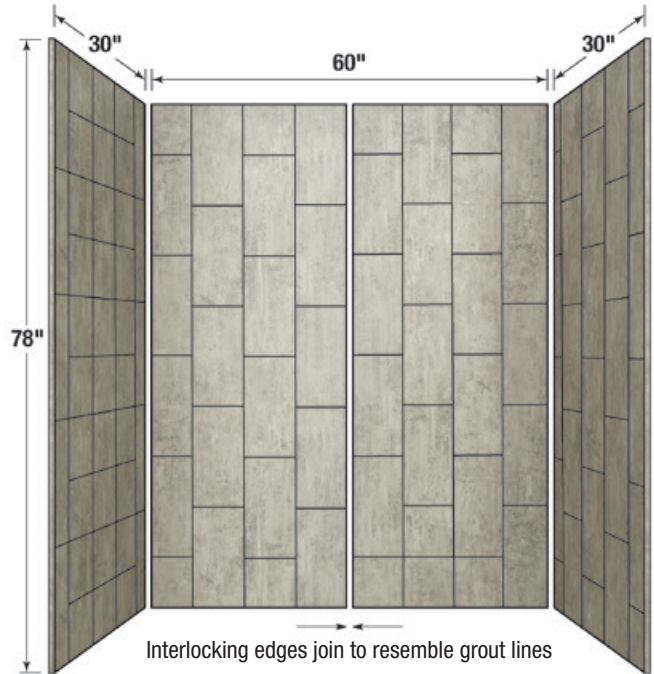

Square Edge

The CNC-routed "tile" size on each panel is approximately 7" x 15".

Shower Wall System Kits

Palisade Shower Wall System kits include matte panels with a routed tile design and matching trims. Additional kit options are available with matching shower shelves, adhesive and sealant.

2-Wall Shower Kit – 78" Tall: 36" Wide x 36" Deep x 78" Tall

538##

Routed Tile Matte Panels included:

- 1 – Panel 36" x 78" = 36" Side 1 (R)
- 1 – Panel 36" x 78" = 36" Side 2 (L)

Matching trims included:

- 2 – J-Trims
- 2 – L-Trims
- 1 – Inside Corner Trim

578##

also includes:

- 2 – matching shower shelves
- 2 – tubes of adhesive
- 1 – tube of sealant

30 inch Depth Shower Kit – 78" Tall 60" Wide x 30" Deep x 78" Tall

561##

Routed Tile Matte Panels included:

- 2 – Interlocking Panels 30" x 78" = 60" Width
- 2 – Panels 30" x 78" = 30" Depth (Sides: R & L)

Matching trims included:

- 2 – J-Trims
- 2 – L-Trims
- 2 – Inside Corner Trims

571##

also includes:

- 2 – matching shower shelves
- 4 – tubes of adhesive
- 2 – tubes of sealant

94"-Tall Shower Wall System Kits

Available in select finishes are 94"-tall shower wall system kits with gloss panels featuring either a routed tile design or an unrouted flat surface.

2-Wall Shower Kit – 94" Tall: 36" Wide x 36" Deep x 94" Tall

576G10C 3-D Grouted Tile Pattern Gloss Panel Kit – Carrara Marble

576G10S Realistic Slab Surface Gloss Panel Kit – Carrara Marble

576G15C 3-D Grouted Tile Pattern Gloss Panel Kit – Smoky Sky

576G15S Realistic Slab Surface Gloss Panel Kit – Smoky Sky

576G18C 3-D Grouted Tile Pattern Gloss Panel Kit – Cracked Slate

576G18S Realistic Slab Surface Gloss Panel Kit – Cracked Slate

576G21C 3-D Grouted Tile Pattern Gloss Panel Kit – Drift Sand

576G21S Realistic Slab Surface Gloss Panel Kit – Drift Sand

Panels included:

- 2 – Interlocking Panels 30" x 94" = 60" Width
- 2 – Panels 30" x 94" = 30" Depth (Sides: R & L)

Each kit also includes:

- 2 – J-Trims
- 2 – matching shower shelves
- 2 – L-Trims
- 2 – tubes of adhesive
- 1 – Inside Corner Trim
- 1 – tube of sealant

30 inch Depth Shower Kit – 94" Tall 60" Wide x 30" Deep x 94" Tall

573G10C 3-D Grouted Tile Pattern Gloss Panel Kit – Carrara Marble

573G10S Realistic Slab Surface Gloss Panel Kit – Carrara Marble

Shower Pans

Palisade Shower Pans are constructed of solid, durable, 2-inch-thick PVC core board and will not bend or flex under pressure. Pans install quickly and easily with adhesive and are available in a variety of decorative stone designs to coordinate with Palisade Waterproof Grout-Free Shower Wall Systems and Wall Tiles.

Precision Engineering

- Durable 2.6 mm commercial-grade top layer increases longevity and adds slip resistance
- Flange and top layer are one continuous piece to prevent water penetration to surrounding areas
- Available in universal left/right side installation options for flexibility in drain configurations
- Engineered CNC-routed channels on the bottom to reduce weight and aid in glue adhesion
- Solid base is pre-sloped for efficient drainage

Installation, Compatibility & Care

- No mortar needed. Simply apply adhesive to bottom side of pan and slide into alcove
- Handles on bottom side of base enable easy handling and installation
- Includes matching curb component and standard 2" compression-fit drain
- Cleans easily with household tile cleaners
- IAPMO Certified
- Limited Lifetime Warranty

Shower Pan Finishes

Inspired by poured and carved stone, Palisade Shower Pans beautifully complement Palisade Waterproof Grout-Free Shower Wall Systems and Wall Tiles.

SP3060## 30" shower pan

Designed for Performance

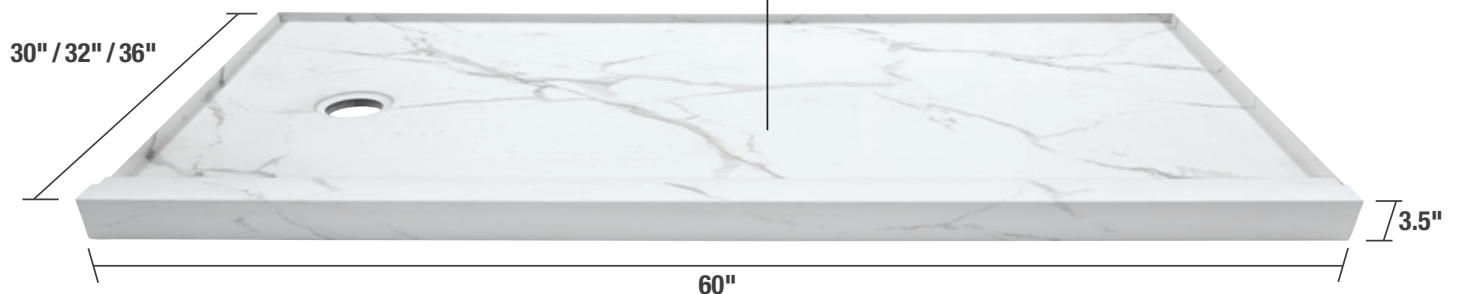

The shower pan curb component installs directly over the 1" flange that surrounds the shower pan base.

2.6 mm commercial-grade top layer:

- 0.04 mm UV-Cured Scratch Shield lacquer
- 0.55 mm commercial grade wear layer
- 0.01 mm design PVC print film
- 2 mm extruded solid PVC

2"-high density rigid PVC core

Matching Tile and Shower Wall System Accessories

See Wall Tile Finishes section for available finishes.

Matching shower niches, shelves and benches add practical storage space to shower installations.

536## Shower Niche (1 pack)

Perimeter: 17.5" x 15.5" x 3.75"

Opening: 14" x 12" x 3.5"

Wall Opening Cut: 14.75" x 12.75"

537## Shower Shelf (1 pack)

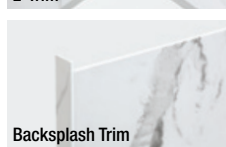

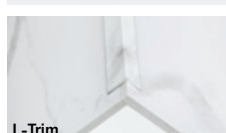

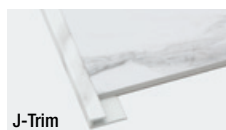

14.56" x 7.12" x 2"

Material thickness: 5 mm

539## Shower Bench (1 pack)

24.75" x 17.62" x 3"

Material thickness: 5 mm

Matching edge and corner trims add a finished look to exposed tiles, edges and corners. Use adhesive to affix trims and finish with sealant.

173## Trim Kit – 94"

(Kits include 2 Inside Corner Trims, 2 J-Trims & 2 L-Trims)

189## Inside Corner Trim – 94" (5 pack)

190## J-Trim – 94" (5 pack)

191## L-Trim – 94" (5 pack)

940## Backsplash Trim – 24" (3 pack)

finish number

Shower Niche

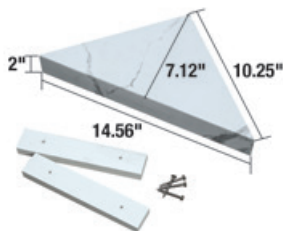

Niche Installation

1. Cut hole & apply adhesive
2. Apply adhesive & sealant
3. Insert niche into opening
4. Apply sealant to top edge

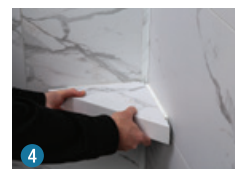

Shower Shelf

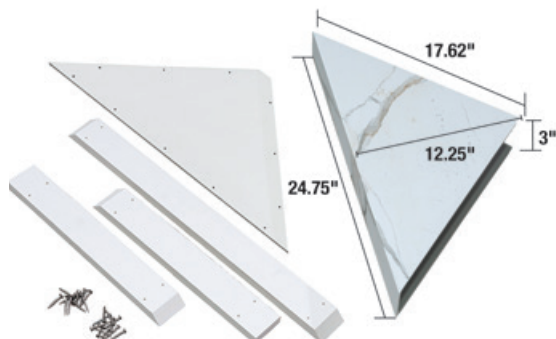

Shelf Installation

1. Install brackets
2. Add adhesive to shelf
3. Add sealant to shelf edge
4. Slide shelf onto brackets

Shower Bench

Bench Installation

1. Install brackets
2. Install sub-deck
3. Apply adhesive & sealant
4. Slide bench onto brackets
