My name is Gary Hill (**Proverbs 22:1**) and I am the founder of the **Gary Hill Network**. Over the past 44 years I have been dedicated to the cause of advertising and networking "local businesses" to the people in Smyrna and surrounding area. To facilitate and sustain this cause, we publish and circulate the **Smyrna Guide** to the Smyrna community and surrounding area (**Matthew 12:34**). To further fulfill our primary cause we invite our members and special guests to attend our **bimonthly networking luncheons**, and participate in our **Business EXPOS** to get to know one another better and continue to develop viable personal and meaningful relationships.

We are a Christian company dedicated to fulfilling Christ's calling on our lives using the principles and promises of Jesus and the "**Holy Spirit**" to continue and sustain the growth of our network. Join our network and allow us to promote your business.

THOUGHTS FROM AN ECLECTIC MIND

- When I leave I will be back, if you let me.....
- I am going somewhere that I have never been and when I get there...I will remember.....
- We are already known by God, so what is the surprise?.....
- My uniqueness is an awareness of myself.....
- God thinks from the end to the beginning; man thinks from the beginning to the end.....
- Stop for a moment and listen to the sound of one.....
- When Jesus walked, he walked with complete balance: one foot on the earth and the other foot in heaven..... **GARYISMS**

Insert Bio Here. Hello! I'm Michael, the proud owner of RoofTop Contracting. With over seven years of experience in the roofing industry, I have dedicated my career to ensuring that homes and businesses are protected and secured by long lasting roofing & exterior systems. My journey in the industry began my senior year of high school, grabbing an entry level gig with a local contractor. I worked part time through college, and loved the aspect of taking care of customers with tangible services and therefore joined the industry full time upon graduation.

At RoofTop, we understand that roofs are more than just a structure; it's an essential piece to safeguard your most valuable assets. I take great pride in our team's commitment to communication, attention to detail, and customer satisfaction. I am also passionate about staying updated with the latest industry trends and technologies, which allows us to offer innovative solutions that enhance both aesthetics and functionality. Ask me about our new offerings within the industry! When I'm not in the field, you can find me on a run or bike ride with my wife, fishing on the Chattahoochee or playing pickleball with friends and family.

CIVIC CLUBS & COMMUNITY

SMYRNA'S FIRST JONQUIL FESTIVAL

When Smyrna's Jonquil Festival made its first appearance in March 1964. It was an event which lasted a week and was sponsored and coordinated by the Smyrna Chamber of Commerce, with the cooperation of many of the other civic and service organizations in the area.

The Festival began on Sunday, March 15th with a tour of the city which included viewing the millions of jonquils which were actually in bloom at the time., but there was also a decided "nip" in the air.

Monday, March 16th, was set aside for a Get Acquainted Party for the contestants in the Jonquil Queen Contest. Thursday, the rehearsal for the Queen Contest was held. Friday, March 20th was set aside for the contest itself, in which contestants would compete for a \$100.00 Series E United States Savings Bond, a weekend trip to Jekyll Island for the winner and her parents, and a personal appearance on the "Today in Georgia" television show, which for a number of years was on WSB - TV in Atlanta.

The contest, for Smyrna area ladies, 16 to 21 was sponsored by the Smyrna Civitan Club with assistance from the Smyrna Jaycettes, the Opti-Mrs Club, and the Business and Professional Women.

The first Jonquil Queen was Renee Clark. Runners Up were Tina West and Kathy Monroe.

Anti-Inflammatory Foods

What is Inflammation?

Inflammation is the body's response to an injury as it works to heal itself. However, inflammation can become problematic when it starts even when there is no injury, or does not end when it should. This chronic inflammation can increase your risk for health problems, including cancer and heart disease.

Healthy Tips:

- Choose whole grains, such as oatmeal, whole grain bread instead of refined grains.
- Choose smaller amounts of red meat. Choose lean meats and plant based protein such as nuts, seeds and dried beans.
- Eat more fresh and frozen and fewer processed foods.
- Use herbs and spices, such as cumin, garlic, cinnamon, and turmeric to flavor your food and less salt.
- Regular exercise can help to reduce inflammation. Aim for about 30 minutes a day of moderate to vigorous activity.

Before jumping into the world of real estate, I had the incredible privilege of working as an executive with iconic companies—including Disney and Activision Blizzard in California. From those experiences, I bring a strong commitment to excellence, creativity, and a little "magic" into every client relationship. I've learned that extraordinary experiences come from intentional service, attention to detail, and a little sparkle of joy. I spend intentional time with God daily because I believe that to truly serve others, I need to be rooted in something greater than myself. I grew up in Detroit Michigan. After graduating from the University of Michigan, I was a licensed financial advisor for several years before earning my MBA from Washington University in St. Louis. In my spare time, I enjoy traveling, golfing, and working out

HISTORY & NOSTALGIA

GEORGIA BLIND SPORTS ASSOCIATION

Origins and Early Development

Goalball was invented in 1946 by Hans Lorenzen, a German, and Sepp Reindle, an Austrian, as a rehabilitation activity for visually impaired World War II veterans. Initially called Torball, the game used a soccer ball with bells inside, allowing players to track its movement by sound. The first official match took place in Austria in 1949, and the sport quickly gained popularity among visually impaired individuals across Europe.

Paralympic Inclusion

Goalball made its Paralympic debut as a demonstration sport in Heidelberg, Germany, in 1972 for men. It became an official medal sport at the 1976 Paralympic Games in Toronto, Canada, with Austria winning the first gold medal. The women's event was added at the 1984 Paralympic Games in New York. Since then, goalball has been contested at every Paralympic Games, with countries like Finland, Denmark, and the USA dominating the medal standings.

Significance

Goalball's history highlights its transformation from a rehabilitation activity into a highly competitive Paralympic sport, providing visually impaired athletes with opportunities to compete at the highest level and inspiring broader awareness of adaptive sports. Its inclusion in the Paralympic Games has been pivotal in promoting the sport worldwide and supporting the development of athletes and programs for the visually impaired.

SPECIAL EVENT
