“Learn to give before you receive.”

I live in **Smyrna** with my wife, Renee and our Vizsla (hound) named Chance. I grew up in Marietta, attended **Marietta High School**, and graduated from **Georgia State University** receiving my master's degree in **Educational Administration** in 1977. I taught school from 1965 until 1970, teaching **History & English** and also coaching **baseball, basketball** and **football**. After teaching school, I began to travel working for a **promotional cable TV** marketing firm called Bratton Associates. Upon returning from about one year of learning the **door-to-door concept of marketing**, I re-entered the educational field as a **Community School Director** at JJ Daniel Middle School in northeast **Cobb County**. I began the current phase of my business life around **1981** when I decided to sell **advertising** in a **local publication** in the **Smyrna community**. I believe, and has been confirmed by the **Lord**, that my basic **purpose** is to **serve** the **Lord** in my daily life **everywhere** I go. My present business is to incorporate **Jesus' teachings** and **revelations** into my **relationships** with other **business owners** to **grow** and **nurture** our **success** with one another.

SNORING ISN'T NORMAL.

Poor-quality sleep has been linked to High Blood Pressure, Heart Disease, Diabetes, Memory Problems and Chronic Fatigue, Weight-Gain, and Erectile Dysfunction in men.

YOUR MOUTH MAY BE THE PROBLEM

People are shocked that a simple Dental Exam
with an Airway-Trained Dentist
has made all the difference in their world.

Most people blame getting older, or weight-gain, or being stressed.

They Shouldn't.

At Lifestyle Dentistry, Dr. Aja understands that the position of your jaw, tongue, and teeth can affect how well you can breathe while you sleep. She looks beyond your teeth to identify the underlying causes of your snoring and sleep-disordered breathing.

EQUAL HOUSING LENDER

The **Smyrna Business Association** was formed in 1983 by a group of business people striving to make Smyrna a more inviting place to establish and conduct business.

Today, the SBA seeks to promote, engage, and connect business people in Smyrna through outreach, programs, education, and networking.

By working together, the business community and our elected officials will plan and bring forth projects that will continue to make the Smyrna area a leader in Cobb County's business community, and a vibrant, desirable environment in which to work and live.....

PROFILE/BIO: Business &/or personal

Insert Bio Here. Dr. Nichols is from Indiana. She decided to make Smyrna her home after serving five years in the United States Navy. After receiving her Georgia licensure, she worked for “corporate dentistry” where she learned quickly that their motto wasn’t as relationship-focused, as she desired to be.

LIFEstyle Dentistry has been in business for 10 years now. Her mission has always simply been to “do the right things, at the right time, for the right reasons” for her patients.

I know what it's like to be exhausted & betrayed by your own body. For years, I lived with autoimmune diseases – one diagnosed at 16, and another years later. My husband and I prayed for answers, but the only option I was given was a \$1,600-a-month medication that didn't actually fix anything. I was in pain. My life was shrinking. And I just didn't feel good.

A friend posted about fruit and vegetable powders. I ignored it - until she told me she was off all her autoimmune medication for the same condition I had been battling for years. That got my attention!

She believed Juice Plus+ - dehydrated, whole-food nutrition – would help me. I was deeply skeptical. I thought, *You want me to believe you can squeeze pineapples, broccoli, oranges, and beets into capsules?* I wanted no part of it.

But I researched and I asked questions- lots of questions. I finally said, **"I'm done."** Done being sick. I wanted my life back. So I started Juice Plus+.

JuicePlus+ was a bridge between what I ate and what my body actually needed. I also made other changes - more movement, better stress management, more water, and some dietary changes.

Over the next 4 ½ months, everything began to change. My gut started to heal. I could get out of bed without pain, could sleep without meds. And I woke up with energy!

Then came the day I realized I could **clap** - something I hadn't been able to do without pain in years. My husband said if he hadn't seen it, he never would have believed the changes. I went from skeptic to believer in Juice Plus+ and the company behind it. God answered our prayers using a capsule!

And in the process, something shifted in me. This became my mission, my passion, my ministry. I left my full-time consulting career to help people who have lost hope that they can ever feel good again.

Because I know what that feels like. And I never want someone to feel alone in it.....**Testimony compliments of Brenda Dixon**

MAKE NEW FRIENDS, BUT CHERISH THE OLD.

HISTORY & NOSTALGIA

In a copyrighted Smyrna Historical Society publication entitled How the Jonquil City Got It's Nickname, author Harold Smith is quoted as follows.....

Traditional history says the Jonquils were introduced to Smyrna by Mr. and Mrs. S. A. (Mommy & Daddy) Taylor formerly of Decatur. They moved to Smyrna in the late 1880's after purchasing 80 acres on the south side of town. Their house and farm were located where Brawner Hospital is now.

They got the Mommy and Daddy nicknames when they were supervisors for a Methodist Children's home in Decatur.

The Taylor's had one son who lived in Spokane, Washington, and it is said that he sent his parents a burlap bag full of Jonquil bulbs from there. The Taylor's shared the bulbs with their friends and neighbors and the bulbs quickly multiplied and continued to come back every year with very little care.

The Taylor's moved to Spokane in 1907, but other Smyrna residents continued to plant and share the bulbs which produced the beautiful yellow blooms every spring.

In 1937, some Smyrna ladies got together to organize a garden club and the name adopted was The Jonquil Garden Club. It is still a very active part of the Smyrna's civic life.

Scripture: Galatians 3:28. "There is neither Jew nor Greek, there is neither slave nor free, there is neither male nor female: for ye are all one in Christ Jesus.".....

PROFILE/BIO: Business &/or personal

For the last 8 years, I served on the Board of The Senior Citizen Council of Cobb County—a non-profit supporting seniors since 1973. I resigned from the Council a few months ago, During my tenure I saw a pattern of seniors being apprehensive about hiring random vendors to assist them at their homes. I created Senior Rated Vendors, LLC, a referral service connecting older adults with licensed, insured and well experienced vendors that I vet myself.

Mission: To create a small yet mighty exclusive network of vendors who seniors would recommend to the people they care about.
