

## We are Great Place To Work® Certified!

Coosa Valley Credit Union is proud to be Certified™ by Great Place to Work® for the 2nd year in a row. The prestigious award is based entirely on what current employees say about their experience working at Coosa Valley Credit Union. When surveyed, 97% of employees said it's a great place to work – compared to 57% at the average U.S. company.

Great Place to Work® is the global authority on workplace culture, employee experience, and the leadership behaviors proven to deliver market-leading revenue, employee retention and increased innovation.

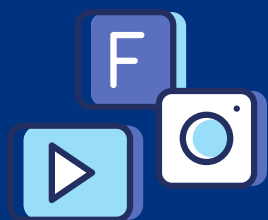

"Great Place to Work Certification™ isn't something that comes easily – it takes ongoing dedication to the employee experience," said Sarah Lewis-Kulin, vice president of global recognition at Great Place to Work. "It's the only official recognition determined by employees' real-time reports of their company culture. Earning this designation means that Coosa Valley Credit Union is one of the best companies to work for in the country."

"We are thrilled to become Great Place to Work-Certified™ as we strive to keep our team members a top priority every day," said President and CEO Andy F. Harris. "We focus on the importance of being kind and doing the right thing in all of our actions and our continued success is a direct result of our amazing team of dedicated employees at Coosa Valley Credit Union. We celebrate and thank them for all that they do to earn this incredible recognition."

According to Great Place to Work research, job seekers are 4.5 times more likely to find a great boss at a Certified great workplace. Additionally, employees at Certified workplaces are 93% more likely to look forward to coming to work, and are twice as likely to be paid fairly, earn a fair share of the company's profits and have a fair chance at promotion.
