## **New Main Office coming in 2020**

Coosa Valley Credit Union is very excited to announce that, in the coming days, we will break ground for the construction of a new main office in Rome. This new main office will be very similar to our West Cartersville branch, with a more open design that will allow for an easier and friendlier experience. The new office will be constructed at the former Northwest Georgia Credit Union site (1307 Redmond Road), just down the street from our current main office. A major factor in moving to this new site is for the safety of our members and staff. The new location will have much easier access and most importantly, a traffic signal. Look for more updates as construction progresses, but we hope to open the doors on our new main office in early 2020.
