A PUBLICATION OF
COOSA VALLEY CREDIT UNION
SPRING 2016

Voice

Dear Coosa Valley Members,

We are very excited to announce an upcoming event in the life of our credit union that will be beneficial for everyone involved. **The Board of Directors of Coosa Valley Credit Union and Northwest Georgia Credit Union have reached an agreement to merge.** By coming together as one credit union, we will be able to better serve you and continue **bringing you the new products and services that you deserve.**

Both Coosa Valley and Northwest Georgia Credit Unions share similar philosophies and operating procedures, as well as providing excellent service to their members. By combining resources members will enjoy higher dividends on their deposits, lower interest rates on loans, and pay lower fees.

Once the merger is complete there will be seven branch locations and a new location planned to open in 2017 in West Cartersville. In addition, there are numerous surcharge free ATMs throughout the Coosa Valley region. Our new consolidated credit union will have over 38,000 members and bring our assets to over \$255 million and will operate under the name and charter of Coosa Valley Credit Union. I am honored and excited to serve as the President/CEO of this new consolidated credit union.

The required filings have been submitted to the respective regulatory agencies and approved. Now the members of Northwest Georgia Credit Union will be asked to vote on the consolidation in the early summer months. **It is anticipated that the merger will be completed in the summer of 2016.**

Once again we are very excited about this new opportunity to serve our existing credit union family and its new members. If you have any questions about the merger or other concerns, please contact me by email at **Contactus@mycvcu.org** or **706-235-8551**.

Sincerely,

Andy F. Harris
