2017 American Flag Project

The Coosa Valley Credit Union American Flag Project wrapped up on July 4. To date, Coosa Valley has replaced over 150 torn or faded American Flags at businesses, churches or community organizations in Floyd, Polk or Bartow Counties. "We enjoy giving back to the communities in which we serve," said Andy F. Harris, CEO of CVCU. "It's a great way to honor our veterans and our members." Coosa Valley also properly disposed of the old flags through a local veterans group with the Exchange club of Rome.

West Rome Branch Consolidation

To better serve our growing field of membership, Coosa Valley Credit Union will consolidate its two West Rome branches into its Main branch located at 2010 Redmond Circle. As a result of the consolidation, the branch at 1307 Redmond Road will close at the end of the business day on Monday, July 31.

"Coosa Valley Credit Union is committed to the Rome community," said Andy F. Harris, President and CEO of Coosa Valley Credit Union. "In the coming year or two, we plan to relocate our main branch, executive offices, and operations center to a new building at the 1307 Redmond Road location. Consolidating the two West Rome branches is the first step in that process. We are always looking to the future and the best ways to enhance the quality of our service to our members. We look forward to many years of continued service to the community."

All employees working at the 1307 Redmond Road location will be relocated to other positions within the organization.
