

## **Coosa Valley Credit Union Phone Number Spoofed**

*Nov. 28, 2022*

We have been made aware that CVCU's phone number (706-235-8551) has been spoofed. "Spoof Calling" is when someone disguises their caller ID to impersonate another person or business. The fraudsters do this in an attempt to obtain your personal information.

Reports indicate that, in this instance, the fraudster is claiming to be from our Fraud Department and may ask you to verify your card number and other information. Please remember CVCU employees will NEVER call you and ask for account/debit card numbers or personal information such as your full social security number.

If in doubt about any call you receive claiming to be from CVCU, always hang up and call us directly.
