Impact Resistant | **cushions impact**
Quick Install | **no tape required**

PROTECTION FOR ALL PROJECTS

Construction
Moving
Remodeling
Drywall Install
Painting
Events/Parties
Temporary Protection

PLEASE NOTE.

The surface to be protected must remain dry, clean, dust-free, and free from chemical agents. It is advisable to conduct preliminary tests. Lay the rolls with an overlap of approximately 4" and press firmly. Processing temperature should be between 41° and 104° Fahrenheit. Not recommended for use on newly installed surfaces including porous stones, natural stones, clay tiles, and concrete. The underfloor heating must be turned off.
