

RED RIVER BANK

It's easy to switch.

Switching to Red River Bank is easy to do and we're here to help. Stop by any of our banking centers and we'll handle everything or, if you prefer to do it yourself, visit redriverbank.net/switchkit to apply online. Follow the steps below, and use the checklist on the back to help complete your switch.

Getting Started:

1. Fill out all text fields in the SmartSwitch profile below.
2. Stop using your old account.
3. Use the checklist on the back to complete your switch.
4. Stop by one of our banking centers for assistance or to finalize your switch.

RED RIVER BANK

SmartSwitch Checklist

Use this checklist to help move your direct deposits, automatic payments, and account information to your new Red River Bank account while avoiding delays or interruptions during the transition.

- Fill out your SmartSwitch profile.
- Download, print, and complete the forms needed for your switch, or stop by a banking center for assistance.*
- Bring a valid photo I.D. when opening your new account.
- Send notification to companies who make automatic withdrawals from your account that you have a new bank account.
- Send notification to direct deposit companies that you have a new bank account.
- Enclose a voided check from your new account when setting up direct deposit for verification purposes.
- Keep your new Red River Bank routing and account number handy for direct deposit and automatic withdrawal requests.
- Allow up to 30 days for checks to clear from your old account and for direct deposits to be changed.
- Make sure you have enough funds in your account to cover any pending automatic payments.
- Destroy any unused checks, deposit slips, ATM cards, or check cards from your old account.
- Send notification to your current bank that you are closing your account.

*Get the forms you need.
