

We are fully committed to safeguarding the health of the families we serve, our guests and our employees.

We request that all persons entering our facility follow their current state guidelines with regards to facial coverings both when indoors and outside. Masks can be supplied to our guests as needed.

Additionally, we request that all visitors practice the “new normal” aspects of social distancing, including maintaining distance between all persons as appropriate and the frequent use of hand sanitizer or hand washing.

We are always willing to serve you via telephone or video conference, especially if:

- **You are or have been in contact with anyone diagnosed with or exhibiting symptoms of COVID-19;**
- **You are unable to wear a face covering due to a medical condition or for any other reason.**

In these circumstances, please call one of our representatives so that we can arrange to serve you and your family in the safest manner possible.
