

Unified Defense Named No. 307 on the 2025 Inc. 5000 List, Ranking Among Top 10 Manufacturers in the U.S.

Byron, GA – August 12, 2025 – Unified Defense has been ranked No. 307 overall, No. 10 in manufacturing, and No. 10 in Georgia on the 2025 Inc. 5000 list of the fastest-growing private companies in America. The prestigious ranking highlights the nation's most successful independent businesses and their contributions to the U.S. economy.

With both companies recognized on the Inc. 5000, Unified Defense and Prince Service & Manufacturing together represent one of Georgia's most dynamic manufacturing partnerships, serving both commercial and defense sectors. Prince Service & Manufacturing earned a place on the list at No. 3,252 overall, No. 90 in manufacturing, and No. 154 in Georgia. Together, the two companies provide a powerful combination of scale, capability, and customer-focused service.

"Unified Defense's success is built on delivering for our customers with precision, speed, and reliability," said Eric Williams, CEO of Unified Defense and Prince Service & Manufacturing. "Our growth shows that we can take on large, complex projects nationwide, while staying responsive and maintaining the close customer relationships that set us apart."

Unified Defense continues to expand its capabilities in advanced metal fabrication, supporting industries ranging from aerospace to defense. The company's inclusion in the Inc. 5000 underscores its position as a leading contract manufacturing partner in the Southeast and across the country.
